

Swinley Community Group

Public Art Project

artist's impression

We are pleased to announce that Swinley Community Group is working in partnership with Mark Johnson Kitchens, Down To Earth Wigan and Beam Arts UK to create a mural for Wigan Lane.

The mural is planned for the side, gable end of Mark Johnson Kitchens overlooking the small car park opposite Caffè Rosso and across from Mab's Cross School. Mab's Cross School children will be involved in the project.

International artist Joe Webster has been selected to create the mural. You can see Joe's work at www.joewebsterart.com

There will be opportunities for anyone in the Swinley area or people with connections to the area to offer ideas and make contributions.

Watch this space for updates and opportunities to get involved.
